County Budget Up 6 Million

The County Board of Supervisors has taken under advisement a recommended 1955-56 budget from County Executive Frank Thill for $34,462,775 which is about six million dollars over last year's budget.

Capital outlay calls for $8,032,184 as compared with $5,408,744 this year. It calls also for a courthouse for Palo Alto and hospital expansion to cost $2,637,370 for the first unit which will be increased to $7,637,450 in ten years It calls for $146,723 for parks and recreation as compared with $42,157 in this year's budget.

Thill said a building bond issue may be the answer to the pinch as this would ease the fund raising problem called for in the new budget.

The board will have until June 15 to approve the budget. Thill said a 10c construction tax now being levied could be slightly reduced if bonds were voted.

Committee To Study Merits

Election July 21 For High School Tax Boost

A committee of from 40 to 50 members now being organized is scheduled to meet at the high school District Monday evening to consider recommendations of the High School District Trustees calling for a 25c tax increase and an election tentatively set for July 21 in the Campbell Union High School District. The election would be for increasing the rate within the statutory limitations over a ten year period beginning July 1, 1955.

Laurance Hill, district superintendent said Tuesday the proposed tax boost under study by the committee is concerned with mounting expenses resulting from enrollment increases and the opening in September of Camden High School, also to finance a possible increase in teacher salaries. The committee after study of facts is to consider if the increase is justified.

The present tax rate would be increased from 75c to $1 per $100 of assessed valuation exclusive of bond interest and bond redemptions. Joseph Gomes, clerk of the board, said that the 75c rate is one of the lowest of any high school district in Santa Clara County and that the dollar rate would be more in keeping with the average rate structure.

Gomes said yesterday that the teacher pay increase proposed for teachers would be from $125 increment to $175 for each year of teaching experience to a maximum of fourteen years. With starting salary here now at $4155, a ten year experience here would bring a $1750 per year increase instead of $1250.

The 25c tax increase as proposed would be adequate for teacher pay increases and assure a balanced budget.

The proposed budget without the teacher pay increases would be $951,570 while with the raise it would be $988,896: The budget for 1954-55 was $902,558. District now spends about $359.77 per pupil.

The proposed budget, based on no teacher raises, allocates $555,771 for teacher salaries; $33,600, administration; $29,000, special instruction salaries; $70,000, school supplies; $16,800, auxiliary services; $75,600, plant operation; $42,000, plant maintenance; $21,000, fixed charges; $37,800, transportation; $22,000, capital investment, and $20,340, undistributed reserve.

LITTLE LEAGUE BASEBALL

There is something quite different about Little League baseball from the game played by other groups. The rules are just about the same, but the coaches are primed not to stress too much the need to win games. In this group, with boys of ages eight to twelve, the incentive is to give all a chance to get into the game.

Indeed, he need not be fleet of foot, strong of arm or with power in handling the bat, but he should adapt himself to good sportsmanship. The little fellow with spindly legs earns the right to get about in the Little League or the Farm league, if but for an inning or so. Sometime later on he may be the one who develops into a good athlete. Walter Mails was a crippled youth, Paul Waner was a runt of a boy, Tony Lazzeri an underfed urchin, Dom DiMaggio a bespeckled pale-faced youngster—yet all these came into their own in big league baseball. There are dozens of others. The game is not to win at that age but to enjoy it and to know that others too, are enjoying it. There is plenty of time in life to win games but not much time to learn how the game is to be played in a sportsmanlike manner.

A stadium is ready, thanks to the Rotary Club of Campbell and the school district, for use starting Saturday of Little League baseball.

LOW EBB

It may not be of major concern to you and me but news from London says that the British theatre is in a deplorable slump. Really, old chap! The British capital is a livelier stage center than Broadway itself, with something close to half a hundred legitimate theatres in constant operation. And they're packed nightly. But the slump is in the work of British playwrights. They don't seem to have anything to say these days. Most of the new hits are by Americans and Frenchmen. Well, there'll always be an England, So chins up, cheerio, carry on!

D-DAY

The pen of history recorded an event on June 6 eleven years ago, which has been written in indelible ink not only in the book of history itself, but also in the hearts of all who "sat in" on that event.

June 6, 1944. The world had been waiting, agonizingly, for weeks for a message from London. The great invasion was surely soon to start. But when? What day, what hour? Then out of the gray morning mists on the 6th of June, the greatest armada ever assembled moved on Hitler's "impregnable" fortress.

The Allied strength marshalled for that thrust was made up of nearly three million men, 15,900 aircraft and gliders, and more than a thousand boats for ferrying troops and equipment across the Channel. Besides these, of course, were hundreds of war vessels, from sleek cruisers to mighty battleships.

Every man, every plane and ship, every weapon was necessary for the job. The Nazis had no less than 65 divisions poised for defense. Had they not been tricked into holding back large parts of their strength in the belief that there would be thrusts made at several points along the coast, instead of one massive smash, the success of the invasion would have been in grave doubt.

The magnificence of the victory which culminated in the Nazi surrender 11 months later is still vivid in memory, but the good that victory might have brought to the world has been lost in the atmosphere of suspicion, intrigue, and hatred.

The final victory will not be won with weapons.

NEW JAIL IS COMING

The long-awaited plans for a new county jail are now ready and under consideration in the budget by the Board of Supervisors. Sheriff Melvin Hawley described some of its features Tuesday before the Campbell Kiwanis Club.

The proposed Central County jail would be three stories high and T-shaped to house 235 prisoners and with administrative offices and criminal court facilities. Cost would be $977,450 and replace the one now in such deplorable condition. The jail proper would start on the third floor. There will be segregated facilities for juveniles and for women.

Sheriff Hawley also pointed to the need for relocating the County jail farm now at Milpitas adjacent to the new Ford Company plant, and for enlarging the William F. James Boys' Ranch at Madrone. There is a definite need for these facilities, not because we have become less law-abiding, but because Santa Clara county has outgrown its facilities many times.

They've talked some of moving the San Francisco Seals to San Jose so as to get away from the foggy evenings. Won't be necessary. Give them time and annexations will take care of it.

SCHOOLS Are entering a whirlwind finish for the 1954-55 term with graduation programs, receptions, carnivals, socials and all sorts of events going on or being in a state of preparation by the faculties, the PTAs, Home and School Clubs, while school boards work tediously over budgets, attendance records, plans for new schools and increasing attendance .. . everything seems to be looking up in Campbell, Cambrian Park, Moreland, Quito, and Saratoga and plan lines just have to be elastic to keep up with continued growth. . . . Campbell School District Board wanting bids for some 17 more classrooms at Quito, Dover and Cypress Schools rejected those received for the entire project and today are calling for separate bids for five rooms more at Quito, 8 more at Dover, and 4 more at Cypress, the same thing going on at Cambrian district where bids for five more classrooms at Steindorf school were too high, so new bids are being called.

RECREATION Is well set up for all in Campbell in these days of power lawn mowers, rototillers, electric washing machines and dryers, electric dishwashers, TV sets and filled two car garages . . the Little League starts here June 4 with dedication of the new Campbell Rotary Club-sponsored Rosemary Park stadium, one of the finest fields of its kind in the entire state, each of the eight local teams having 15 players of which no more than five may be 12 and 11 years, the others being 8, 9 or 10 years . . . then there is the Farm league which is the feeder to the Little League, and there is the Pony League for boys to 16 years on the hard ball field at the high school, six local teams in the league starting June 13 with Wade Wilson in charge, and there is the soft-ball league for men already started, while some of the high school stars are in the American Legion League . . . tennis and swim events are on schedule so the choice is yours.

FRESH WATER FROM S.F. BAY TO BE CLAIMED BY DISTRICT

Claims for 10,000,000 acre-feet of fresh water in San Francisco Bay, filed last week by the Commonwealth Development Corporation, places Santa Clara county a step closer to assurances of an adequate supply of water to meet present and future needs, according to J. Robert Roll, chief engineer of the Santa Clara Water Conservation District.

The formal claim for the water, the first in history to be filed on the unappropriated waters of San Francisco Bay, was signed last week by Secretary of State, Frank M. Jordan, in his capacity as president of Commonwealth, a non-profit, privately-financed corporation.

"The water which Santa Clara county will obtain through facilities of the Commonwealth plan," Roll declared, "will make it possible for the two large conservation districts in the county to maintain the underground water levels at an economic pumping depth even in dry years."

He said Commonwealth will provide a supplemental source of domestic water at a cheaper price than any other source proposed at the present time.

"Aside from that advantage," Roll asserted, "it will make it unnecessary for the taxpayers of this county to burden themselves with an excessive debt in order to obtain an outside source of water.

"Indirectly it will reduce taxes, in that it will provide highway and water distribution facilities with private capital that would otherwise have to be provided by an expenditure of tax funds," Roll added.

A proposed toll highway over the water right-of-way is contemplated in the Commonwealth Master Plan. These highways will be routed into the San Joaquin Valley and also down the coast to Southern California.

"Such a highway will provide a high speed direct route connecting Santa Clara Valley and Los Angeles—two of the fastest growing industrial areas in California," the chief engineer stated.

Crow Sets Fashion

Fashion designers get inspiration everywhere, but our noisy feathered neighbors set a style for the first time this summer with the introduction of the new fashion color, "Old Crow Black." Mona Hawkins, voted "the model most likely to succeed in television," shows off a bathing suit in the new color to Old Crow, the famous talking bird who has made numerous appearances on television, and who also earns a good living as advertising model for a beverage company. "Old Crow Black" is described as having a bourbon-colored undertone similar to the tinge at the base of crow feathers.

Loan Repayment Schedule Given Schools By State

SACRAMENTO, CALIF., May 27—Robert C. Kirkwood, State Controller, today released the 1955-56 repayment schedules for 332 state-aided school districts amounting to $6,626,659 under the provisions of the State School Building Aid Program of 1949.

Final apportionment as of June 30, 1954 for Campbell Union School District was $1,621,567.42, the assessed valuation being $29-156,550, eligible debt service $45,-515.37 and annual 1955-56 repayment $71,110.88. For Cambrian the final apportionment was $415,-770.01, assessed valuation $5,563,-840, eligible debt service $13,034.98 and annual repayment $9,220.38. Moreland apportionment was $468,556.39, assessed valuation $4,841,900, eligible debt service $4,326.50 and annual repayment $14,525.70, the latter figure computed by State Controller represents the amount which would be produced by tax of 40c per 5100 of 1954-55 assessed valuation minus 1954-55 eligible debt service requirement of district.

Repayments for each participating school district are not based on the loan size, but on the district's ability to pay, as measured by the relationship between the district's assessed valuation and the amount the district must raise by property taxes during the current year for principal and interest on bonded indebtedness incurred prior to its first apportionment under the program, plus that part which was incurred as a condition to receiving additional apportionments under the program.

Districts whose eligible debt service requirements exceed the amounts which would be produced by a tax of 40 cents per hundred dollars assessed valuatiion are not required to make a repayment during the following fiscal year.

African Safari Described By Woman Hunter

A vivid description of a hunting trip to South Africa, illustrated with colored pictures, given by a Los Gatos woman big game hunter who brought home the heads, horns and hides of 17 animals as trophies held members of the Pundita Circle spellbound at the May 11 meeting in the home of Mrs. Fredrick Nybro.

Mrs. W. T. Ogier of Overlook Road, Los Gatos, was the intrepid hunter who thrilled her audience with a lecture on the African safari taken by her and her husband in 1954.

Mrs. Ogier attributes her husband's love of hunting to the fact that he is a direct descendant of Isaac Branham who was a great hunter in his day, and one of the earliest pioneers settling in Santa Clara County in 1846. When the Ogiers were married he interested his wife in big game and trained her to be a hunter like himself.

The dream of all great hunters is to hunt the numerous hoofed mammals such as the giraffe, zebra, cape buffalo, hippopotamus, elephant, and rhinoceros found in Africa. In 1954 Mr. and Mrs. Ogier decided to make the trip before they became any older.

Equipping themselves with proper guns, ammunition and a good camera, the Ogiers sailed from New York and landed seventeen days later at Capetown, Africa.

At Capetown they found they would not be able to start on their hunting trip for a month, so spent the time at points of interest in the area. Upon a visit to the Kimberly Diamond Mines they became greatly interested in the way diamonds were caught in vasoline covered plates when the mud and gravel was washed with water. At Johannesburg, the largest and leading indutrsial city of South Africa which is also the central point of the richest gold fields in the world, they found the great mountains of dirt taken from the mines are now a problem to the city as many people want to work them over to search for uranium. Another awe inspiring sight was the mile wide Victoria Falls with spray rising hundreds of feet in the air.

At the end of the month the Ogiers went to Portuguese South Africa and met their white hunter who had gathered many well-trained native boys, trucks, food provisions and camping equipment, even including a bathtub.

As the hunters penetrated the interior they were followed by natives from the little villages who were curious to see a white woman hunting, especially one with gray hair, and because they wanted to get some of the freshly killed meat. Since all the hunters want heads and horns for mounting they gladly give the meat to the natives who have only bow and arrows to use for hunting.

Mrs. Ogier told of the first great animal, the cape buffalo, she killed with a single shot, and showed a beatiful bag she had made from the hide of a leopard they killed in a native village. Altogether the Ogiers came home with heads, horns and hides of 17 different kinds of animals, and scores of pictures of camps, animals, natives and the distinctive flora of South Africa.

Assisting the hostess, Mrs. Nybro, on the afternoon of the lecture were Mesdames Roger Walcott, John Flohiland and Elmer Culp.

BPWC Hears Of Virginia Grattan's European Trip

"To me, the most striking contrast between Europeans and Americans was their lack of rush about business, their graciousness, and their cultural appreciation. I found this the same all over Europe. If they have enough to eat, clothes to wear, and time for leisure with their families, they are content. They are not too concerned with trying to make a lot of money", stated Virginia Grattan when she spoke of her recent European trip before the Business and Professional Women's Club last Wednesday evening at the home of her parents, Mr. and Mrs. Roy Archibald of Briarwood Way.

Miss Grattan showed colored slides of many old historical and quaint places not usually photographed and spoke of the habits and characteristics of people of the different countries through which she traveled, France, England, Italy, Germany, Switzerland and Belgium,

The president, Margaret Leick, asked that no business be conducted in order to devote the entire time to Miss Grattan's travelogue.

NEW JAIL SOON, SAYS SHERIFF IN KIWANIS TALK

Plans for the new County jail are about ready and, when it is built it will be a one of the landmarks in the state, Sheriff Melvin Hawley told members of the Campbell Kiwanis Club at the Tuesdey meeting.

"We have taken some calculated risks in this design, but have alternatives in case they are not practical" Sheriff Hawley said.

Because the present jail farm at Milpitas is so close to the new Ford plant and therefore on valuable property there is a need for relocating it very soon. He is having success with the honor system by letting men work and become rehabilitated rather than rot away in cells.

Other points brought out in his talk was that organized crime has been slow to get started in California because a strong defense has been set around political figures. Program chairman was James Arends.

Student guest was Russ Cahill. Fred Jones was guest of his father just returned from a Florida holiday. Cy Davis of Willow Glen and Ted Stevens also were guests.

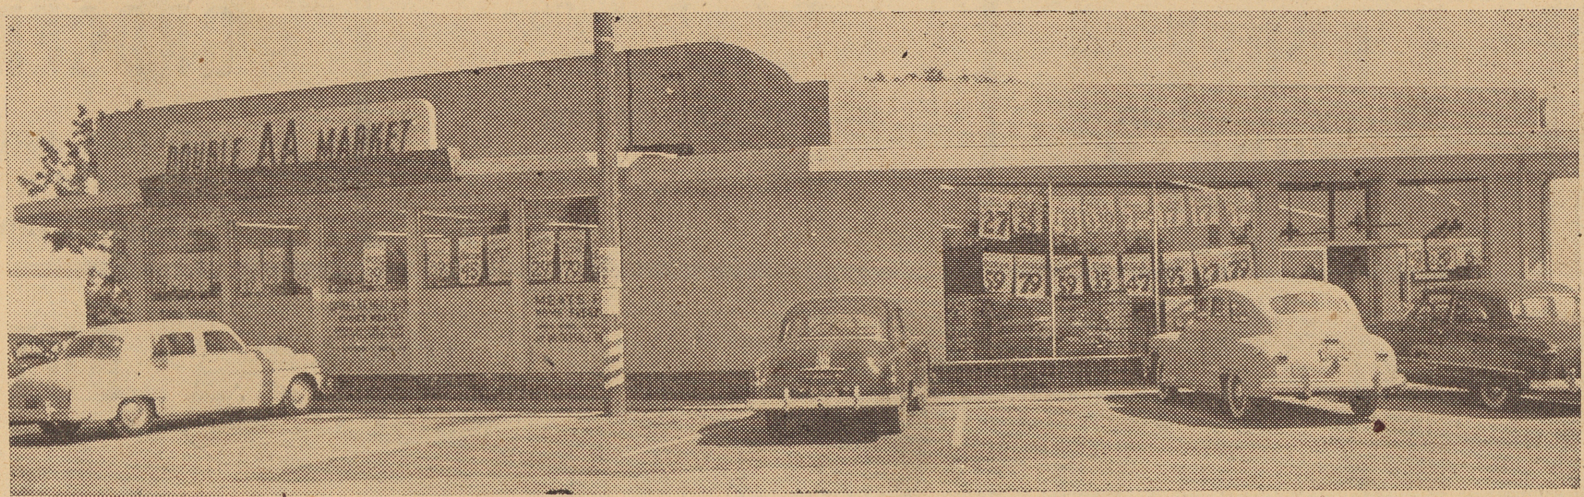
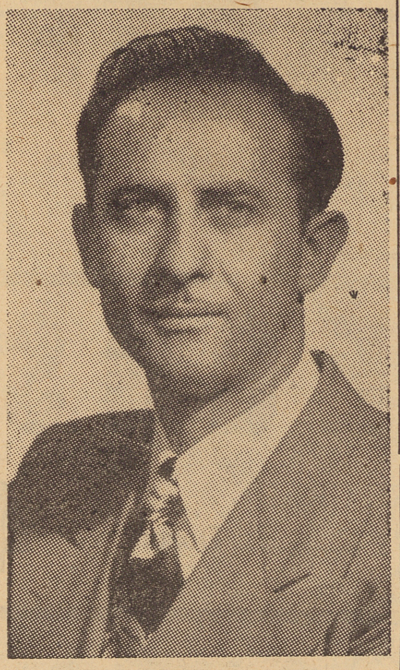
TONY OREGLIA MARIO SAIA SHOW CONFIDENCE IN AREA WITH HUGE BUILDING EXPANSION PROGRAM



Personnel Of Double AA Market



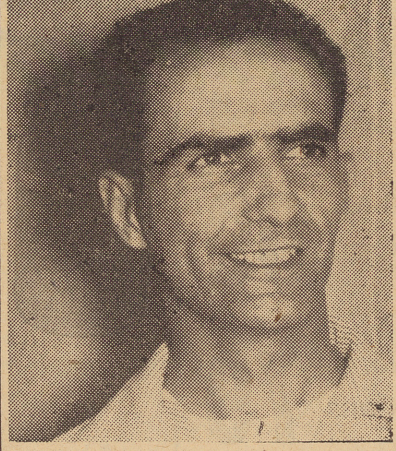
TONY OREGLIA—Owner

The genial owner of the Double AA Market is Tony Oreglia who is in the grocery business because it is the thing he likes best to do. Tony says he likes every phase of the business, especially the personal contact he makes with his customers.

Tony and his wife Mollie have lived on Rosemary Lane for the past three years and are the parents of three children, Larry, 16, a student at Bellarmine; Tony Jr., 11, a student at Sa. Lucy's; and Maryann, 3, who stays home and keeps her mother company. Their favorite recreation is camping and fishing trips which they take whenever Tony can get away in the summer.

Tony has successfully entered widely varied business fields. Being one of a family of seven children, he started out on his own at 17 and became a trucker. In 1941 he opened a grocery store in San Francisco which he operated for about four years before going to Santa Rosa where he sold Real Estate for three years. In 1948 he became the district manager for the West Coast Life Insurance Company of Medford, Oregon, and was transferred to San Jose in 1950. In '52 he resigned and, with a partner bought a super market in Campbell on January 1, 1952. Two years later, in '54, Tony bought out his partner and became sole owner.

Last year, due entirely to public demand, he decided Campbell needed a larger market to supply a wider variety of goods to the increased volume of customers and so began enlarging his original building which has just been completted. Since the expansion the new market is double the original size and boasts one of the largest frozen departments in Campbell. Tony says his chief aim is to always give fast pleasant service



RALPH (Sterak) J. Cirello, Clerk

Head clerk and Tony's right hand man is Ralph "Streak" J. Cirello who buys, helps make up ads and runs the store when Tony is on vacation. He has been with the Double AA Market for seven years.

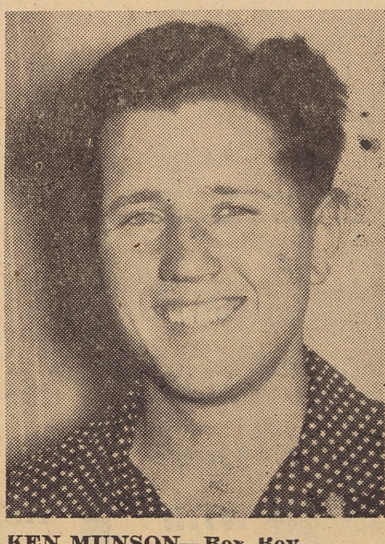
"Streak" is a very friendly young man who always has a ready smile and cheerful word for the customers even when he is accurately checking groceries at top speed. He and his wife, Dee, live with their two children, Gail, 7, and Craig, 3, at 2114 Walnut Grove. Although he likes all active sports, bowling is his favorite pastime which he does so well that he is on the team of the Association of Bowling Men and the Fraternal Order of Eagles. Born and reared in New York, the Cirellos settled in Campbell seven years ago because "Streak" liked what he saw of California while in training camp. He served four years with the Air Force as radio man in a B17 bomber during World War II; two of these years in Englang where he made 23 deep penetration missions over Germany and survived several crash landings when his ship was badly damaged by the enemy.

ROY PELLICCIOTTI, Produce

It can be said that Roy Pellicciotti knows his "onions" for he not only is in charge of the fresh produce department but spends a lot of time on his off hours working the seven acre truck farm owned by him and his father who has been a "green" farmer for over thirty years in this valley. This accounts for the nice supply of fresh fruits and vegetables Roy always has on display; a lot of them are home grown.

Roy and his wife, Mary, live on Cypress Avenue with their 3 year old daughter, Pamela. For recreation he likes to watch sports such as baseball, football and basketball.

Roy says he enjoys working for the Double AA Market because it is like one big happy family and every one cooperates. He has worked in the Campbell-San Jose area for 11 years and has been with the Double AA for the past one and a half years. He was previously employed by the G. B. Produce Company as fruit and produce buyer.



KEN MUNSON—Box Boy

The quiet courteous young man who carries out your groceries is Ken Munson, 19, a 1954 graduate of Campbell High School and student at San Jose Junior College where he is majoring in engineering. He replaces stock when not helping the checkers and can be found in the store each day after school and on Saturdays.

Ken lives with his parents on Hardy Avenue. His hobby is rebuilding a "full load" Mercury sport roadster which he has been working on for the past three years and has almost finished. All he needs is a few hundred more dollars. He says very definitely this is not a "hot rod" but a very expensive souped-up sport car that he started building from scratch with a model A body.

He has been with Double AA since Easter and has worked for various other groceries in Campbell for the past three years.

You will find Norman Ferreira, 22, around the produce department setting up the stands, keeping them in order and well supplied, and trimming vegetables. Norman has been out of the Army a little over a month, is a bachelor and lives with his parents on north Third Street in San Jose. While in the Army he was stationed at Fort Lewis, Washington, for the entire 24 months. He is a graduate of San Jose High School and says his favorite sport is boxing, although he likes all kinds.

LARRY OREGLIA—Son

The tall nice looking young fellow found helping in many capacities around the store on Saturdays and during summer vacation is Larry Oreglia, who will be seventeen in August and is the son of the owner, Tony Oreglia. He takes care of the stock, helps check and occasionally opens up when his father is away.

Larry is a third year student at Bellarmine where he plays forward on the varsity basketball team which is having one of the greatest years the school has ever had, winning 19 out of 21 games. The six solids he is carrying this year don't leave much time for anything but study but he does manage to get in some time bowling and is a member of the Bellarmine team in the Men's Bowling League of San Jose. He is rightly proud of the fact that this is the only high school team in the League and it holds its own with the men's team, scoring about a 50-50 win. Upon graduation Larry plans to enter the University of Santa Clara where he will major in Law.

Many Companies To Participate In Grand Opening

Many nationally known companies are going all-out to make the Double AA Market expansion sale a really memorable savings event for Campbell shoppers.

Some will offer special prizes, some will give extra price reductions, others will supply top-notch food demonstrators to perform in in the market during the sale event, while still others will just add to the fun and gaiety by giving sample, prizes or gifts.

Look for featured ads on some of these products elsewhere in this section and be sure you shop all departments.

Completed Super Market Is Twice Original Size

A Grand Opening Sale will be held by the Double AA Market June 2, 3, and 4, to celebrate completion of its building program which was begun last fall.

The completed building is now more than twice its original size, covering 7,000 square feet of floor space. All departments have been enlarged even to a huge parking lot to take care of the increased volume of customers.

The produce department is over two and a half times its original size with a 70 foot refrigerated counter and a 15 foot dry rack, as is the frozen food department which is one of the largest in Campbell and carries a wide variety of food delicacies. New departments added include small household, school and notion supplies.

Mario Saia's meat department has doubled its counter space and boasts a 60 foot counter to display an extended variety of top quality meats, and has also added a large refrigerated serve-yourself counter of packaged cold meats and cheeses.

The new market is equipped to handle a large volume of business and still give good, fast, pleasant service.

MEAT DEPARTMENT GROWS TO FOUR BUTCHERS IN EIGHTEEN MONTH PERIOD

Personnel Of Mario Saia's Meat Department

"I make no concession for quality", says Mario Saia, owner and operator of the meat department at the Double AA Market who is never found without a smile and cheery hello for his many customers. "A good value is a combination of top quality and reasonable prices", he continued. "We have proved to our own satisfaction that by handling nothing but choice meats, reasonably priced, we keep our customers happy and also help the housewife get the most value for her money". He said nothing about the innumerable little extra things his butchers do to aid their customers in the preparation of their meats which has caused his departments to increase to four butchers within the last eighteen months and become the best known in the Campbell area.

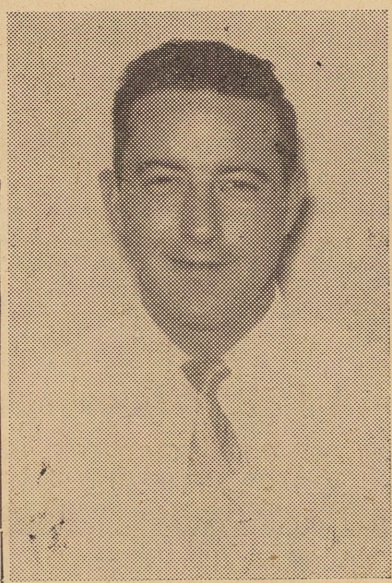
MARIO SAIA, DOUBLE AA MEAT SHOP OWNER

Mario and his wife, Ida, make their home on Cambrian Drive with their two children, Gloria, 20, a junior at San Jose State; and Bob, 21,a senior at San Jose State who also helps his father in his business. His favorite amusement is fishing, especially fishing for striped bass.

Mario is no newcomer to the grocery and meat business in the Campbell area having owned and operated the meat department at the Cambrian Market for three years from 1949 to 1952 before selling and taking a couple of years off. Previously to that time he owned several markets in Hanover, New Hampshire, and two M. P. Johnson Stores in Concord, New Hampshire, which handled nothing but S. S. Pierce groceries, known as the oldest and finest grocery house in New England, carrying only the best quailty and imported unusual food stuffs. All told, Mario has been in the business since 1926.

He and his wife first came to California in 1948 while on an 11,000 mile tour of the United States. At this time they spent a month in the Santa Clara valley and liked it so well that they bought their present home on Cambrian Drive and then returned to New Hampshire to sell their business and move to the Campbell area.

Early in 1954 Mario heard there was a vacancy in the meat department at the Double AA, and, finding Tony Oreglia's ideas of quality merchandise, reasonable prices and service coincided with his, leased the department and opened on April 19, 1954, with Bill Sanford and himself as butchers. Since that time business has increased to such an extent that it is now necessary to have four butchers to serve the customers who like Mario Saia's idea of offering top quality meats at reasonable prices.



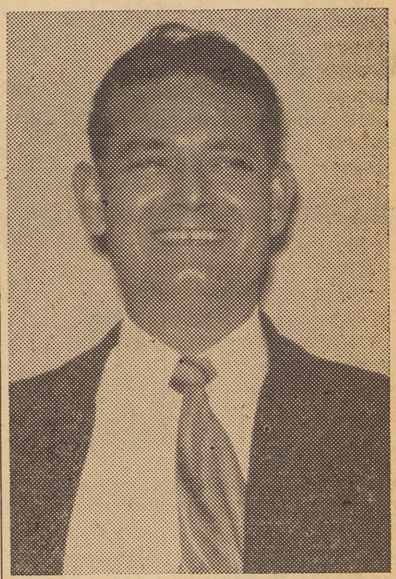
CHARLES "CHUCK" BARRETT-- butcher.

Charles "Chuck" Barrett, 27, is a very personable young bachelor, and a butcher, who lives with his sister and her husband at 10280 Sterling Boulevard, Cupertino. He says he has worked at the butcher trade practically all his life, having learned the trade from his father, while in the seventh grade in Bremerton, Washington. He has been with Mario for two months.

Chuck served four years with the Air Force as flight engineer on a B26; sixteen months in Sacramento and 28 months overseas in Japan, Korea, and Okinawa. He decided to settle in the Campbell area a year ago, just after his release from service. His consuming passion is golf.

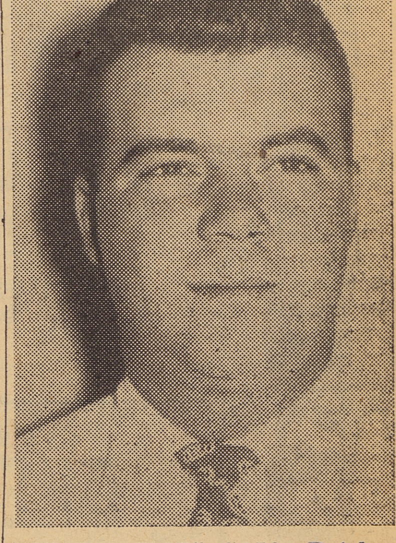
The handsome fellow with the twinkle in his eye and the dimple in his chin is Bill Sanford, 33, manager of the meat department, who has been with Mario for six yars. Bill says his job is to see that the work gets done and help do it himself. He also says he thoroughly enjoys his work, especially doing things for people.

Bill has lived in the Campbell area 29 years and has attended four Campbell schools, graduating from Campbell High. He lives at 14450 Esther Drive with his wife, Avanell, and three children, Loretta, 13, Michael, 6½, and Judy, 5. Bill says his hobby is his recreation, which is an inward desire to build. He likes anything in the line of construction, and laughingly says he also builds his own do-it-yourself kits. His last completed project was an additional bedroom to his house and just now he is in the midst of adding a new oversize garage. When this is completed he intends to build a service porch, and then convert the old garage into more living space.



BILL SAMFORD—Manager-butcher

Bill served in the South Pacific for 28 months with the Navy, 7th Fleet, with headquarter at New Guinea durinsg World War II.



ROBERT "BOB" SAIA—Butcher

Good looking Robert "Bob" Saia, 21, son of Mario Saia, is one of the most obliging and friendliest young butchers you will ever find. He learned the trade from his father and works behind the meat counter after his college day, Saturdays and through vacations.

Bob lives with his parents on Cambrian Drive and attends San Jose State College where he is senior and is majoring in business administration. Upon completion of his college course he hopes to go into business for himself, perhaps Real Estate although he likes the meat business. While attending Campbell High School, Bob was on the varsity football team, senior class president and was awarded a one year scholarship to Dartmouth University. For recreation he likes anything out of doors, fishing, hunting, swimming, water skiing, and boating; an 18

GIANT EXPANSION SALE AT DOUBLE AA MARKET

A Hawaiian atmosphere will prevail at the Grand Opening price-slashing spree to be held by the Double AA Market, Thursday, Friday and Saturday, June 2, 3, and 4. The market will be appropriately decorated with fishnet and palm trees and have a background of music to enhance the theme. All personnel will be garbed in multi-colored flowered shirts and wear the straw hats typical of the Islands.

Free orchids will be given to the ladies and balloons to the children. Drawings for prizes will be held throughout the day on Friday and Saturday with grand prizes of a $25 grocery order awarded Friday, and a $50 grocery order on Saturday.

Special reductions will be featured in every department so the smart housewife will find bargains galore when she does her shopping at this tremendous price-slashing expansion sale event.

Both Tony Oreglia and Mario Saia, who leases and operates the meat department, believe the success of any enterprise is limited by the amount of confidence the consumer has in the business. Both like to give service and are not interested in a big profit; they prefer a smaller profit and a large volume of satisfied customers. With this in view they strive to sell quality merchandise and meats at a saving to the customers.

As a matter of fact, the most noticeable thing about the market when entered is the air of congeniality displayed by all the personnel. Its a large roomy pleasant place where you can shop leisurely and stop to chat with some of your friends, whom you are bound to meet any time you go, without a feeling of holding up traffic or being rushed or crowded. The combination of friendliness and savings promoted by the Double AA Market no longer makes shopping a chore to be dreader; it's an event to be enjoyed.

IT CAN BE DONE! HOT DOGS FOR 5c

Hot dogs on a bun with all the trimmings for only 5c on Friday from 3 to 6 p. m., and all day Saturday from 9 to 6 p. m.! That's the amazing offer being made by Mario Saia, owner of the Double AA meat department, who invites everyone in the Campbell area to come in and try one of these tender, juicy all-beef Pureta hot dogs and help him disprove the idea that you can't buy anything for a nickel now days. He says it CAN be done and intends to prove it. So, while you are doing your shopping at the Double AA Friday and Saturday why not take the kids along and all of you try one of these delectable snacks.

Acting as co-hostesses will be two pretty girls, Gloria Saia, daughter of Mario Saia, and Diane Bahl, daughter of Vic Bahl, who is manager of the Pureta Sausage Company.

In California about 50 per cent of power generated is hydroelectric, compared with 30 per cent nationwide.

San Francisco's water system has three impounding reservoirs in the Sierra Nevada—Hetch Hetchy, Lake Eleanor and Cherry Valley.

Bob Sutton Hurls A One Hitter For West Valley Nine

First effect of the Campbell-Los Gatos Legion Post merger seemed favorable from a sportsman point of view as the Post's newly organized team, with Bob Sutton of Campbell on the mound, trounced defending champion Memory Post in a District 13 American Legion Junior Baseball opener at municipal stadium Sunday. Sutton, a SCVAL pitcher limited the champions to one lone hit, fanned 11 batters and walked but three. Jim Corbus his 15-year old battery mate got two of the 8 hits for the West Valley nine. Phil Arman at first base got one hit in three times up.

BABIES ARE ABUNDANT DEPT. The Victor Senecals of Devon Ave. now have a fifth, Mary Anne, born May 24 at Doctor's Hospital. The other Senecal children are Billy, Kathy, Janet and Tommy. LOS ALAMOS DRIVE in the Monte Linda tract has two new babies this month. Mr. and Mrs. ROBERT TAYLOR had their firse girl, Elizabeth Joanne, born May 23, San Jose Hospital. The two boys are Richard Wesley and Thomas Philip. Richard is 8½, third grader at El Quito Park, and is in Cub Pack 39. Thomas is 2½ years old. The Taylors grew up in San Jose and moved into the Monte Linda tract when it opened about four years ago. Mr. Taylor is carpenter foreman for Lew Jones Construction Co. Mr. and Mrs. EUGENE T. VIERRA, also Los Alamos Dr., brought home a boy, David, from O'Connors, born May 2. The two older children are Stevie, age 3, and Jeanie, age 6, in Moreland kindergarten. Mr. Vierra is a stationery engineer. The JOE WILLIAMSONS on Paseo Presado now have a boy as well as 2 year old Aileen Ruth. Stephen Paul was born May 23, San Jose Hospital. The family has lived in Quito for three years, and are from Los Gatos. Mr. Williamson is with the Fibreglass Co. IT'S A THIRD BOY for the MANUEL GUERREROS of Kevin St. Robert was born May 20, O'Connor's. Manuel, Jr., is age 6, in kindergarten at Quito School. Daniel David is 2 years old. The father works at the Parker House in Mt. View, and the family came here three years ago from Del Rio, Texas. AND IT'S A FIRST BOY for the CARROLL JORGENSENS of Komsthoeft Ave. John was born May 18, San Jose Hospital. The two girls are Cynthia, age 3, and Linda, 16 month old. Mr. Jorgenson is a San Jose Fireman, and the family has always lived in the San Jose area.

AN AFTERNOON AT THE CIRCUS was the featured event at Billy Otsen's birthday party last week when he became six. First there was a cake, ice cream, and favors—all carrying out the circus motif. The little guests were Tody and Butch Walton, Mike and Kathy Faraone, Gail Elliott, Ronnie Basher, Barbara Beeson. Mr. Otsen works at Electrol Products and Mrs. Otsen is with British Motors. Last year, Mrs. Otsen came in third in the Santa Clara County Road race. She drove an XK 120 Jaguar.

GONE FOR THREE DAYS was El Quito Park principal, Robert S. Tack. He took his long undies and went to the Sequoia National Park third annual conference on preservation, sponsored by U. of C. and State of Cal. Dept. of Educ.

MRS. MAY BRILEY of Devon Ave. was at her family re-union in Hawthorne. Those who knew about how desperately Mrs. Briley tried to find her lost parakeet, will be glad to know that a friend gave her another bird.

LEAVING THE AREA is Billie Jean Stein, who is moving from her Martha Ave. home to Los Altos. Those people who bought the Christmas-tree ornaments which this polio-victim made, may want to know that her new address is: 137 Sunshine Drive, Los Atlos.

BETH NEAL, who is hospitalized at San Jose Hospital after an accident in her Paseo Olives home, is progressing well, it is reported.

MRS. F. WYNN SHRIVER has been recuperating at her Berwick Ave. home for the past several weeks, after having had an operation at O'Connor's. The Shrivers have three daughters: Jan, age 10, 4th grade Quito School; Tony, age 7, second grade, and pre-schooler Kathy, age 5.

NEWLYWEDS NOW AT HOME in the Campbell area are Mr. and Mrs. CLARENCE FAGALDE, who were married in Nevada in May. After honeymooning in the Sierras, the couple are now residing on Dry Creek Road. Mrs. Fagalde is the former Mrs. Rachel Shewman, and is a nurse at San Jose First-Aid Station. I spent two weeks at Camp Wastahi with Miss Rachel—as she was called up there—and remember how popular this nurse was with the Camp Fire Girls. Miss Rachel treated everything from a mosquito bite to homesickness with the same deep concern and sympathy.

I KNOW THAT MRS. FAGALDE will be surprised to learn, as I was, that Henry the Mouse, a story which was created when we were up there, has now become a legend at the Camp. Last Easter, during a visit to Wastahi, I was amazed to find a picture of Henry in the lodge, drawn by some artistic camper. Later at a Camp Committee meeting, I learned that the make-believe character was being treated as though it had always been part of Camp Wastahi mythology. In an article published while I was mother-counselor at Camp, I explained how Molly Owen, former executive director, used to lull the Blue Birds (Junior Camp Fire Girls) to sleep with an account of a mouse she called Henry, who nightly cavorted in the Lodge, and did many mischievous and enchanting things. I quote from the article: "I found an old, worn out dead mouse in our sleeping area, and the girls immediately decided it was Henry. They planned an elaborate funeral for him . . . Miss Molly and I sang a duet and all of us slowly approached. One girl carried Henry, who fitted nicely into a soap box, except for his very stiff tail." I was interested in learning how legends sometimes started, but hardly expected that a whimsey of two years ago would be perpetuated by all succeeding campers.

Annual Junior Steak Fry Success

The Junior Steak Fry, held at Alum Rock Park on June 1, from 3:00 to 8:00 p. m., was a huge success.

Swimming, hiking, and softball were some of the activities that high-lighted this Annual Affair. The Junior Class Advisors, who provided for the above activities, also helped serve the steaks and all other necessary food, such as, hot French bread, salads, cake and ice cream and various beverages. The Curtis Publishing Co. footed the bill for the outstanding salesmen.

Only the Juniors who participated in the Class Magazine Sale this winter and sold over $35.00 worth were eligible to attend. They were: Deanna Atkinson, Eleanor Hashimoto, Nancy Stamp, Gary Alameda, Nancy Hertrich, John Suglian, Mabel Ashley, Ken Hill, Carol Titus, Ruth Ann Bissell,

Julia Hoagland, Richard Tomisaka, Russ Cahill, Ken Honda, Donna Vroom, Don Carre, Steve Janzen, Judy Weymouth, Lenore Cefalu, Eleinar Kinke,

Andrea Wynns, John Davis, Sybil Lamnnski, Bob Young, Glen Dalzell, Darlene Lemas, Ethel Dorman, Tom Monohan, Steve Dunn, Gail Murdock,

Kaye Newquist, Marvin Quinby, Marilyn Rice, Vivian Ringo, Joan Gerdts, Gail Robertson, Kay Sells, Marlene Silva, Marcia Slater, Daphne Gomes, Tony Sponsler, and Barbara Harrison.

BUCS PLACE THREE ON SCVAL ALL-STAR NINE

Three members of the Campbell High School baseball team won berths on the SCVAL All-Star team, in coaches selections last week, two more being named on the second team. Fremont, co-champion with Campbell, also placed three members on the first team.

Steve Corbett of James Lick won the most-valuable-player player award. Stan Svenson, a first baseman, and Ron Cachopo an outfielder both of Santa Clara, won the other two places on the team.

On the second team is Jim Corbus, the classy 15-year old catcher for the Bucs and Pete Costellanos, the Buc's third baseman. Darryle Escalante of James Lick and Ken Hayes of Santa Clara were named as pitchers; Earl Green of Los Gatos at first, Joe Palma of Fremont at second, John Carrasco of Santa Clara at short, Carl Moskalick of Fremont, Ray Gamble of Los Gatos and Bill Walters of Washington as outfielders.

You And Your Job

Personnel manager of large firms in this area spoke as a panel to Campbell High School seniors Thursday morning, with George Kemp as moderator. The four main topics included "How to Apply for a Job", "Where to Apply", "Filling out the Application", and the "Interview".

At 10:00, after a 5 minute break, 3 skits were given. Connie Coombs gave the first, which was called "Oh Dear Me". It portrayed the story of a girls who had had some girl friends work there previously who were now married. So as Connie put it, " thought I'd come in and try my luck".

Paula Carpenter enacted the second, which was called "A Touch of Spice". Upon entering the stage, she exclaimed: "HOWDY-ROWDY! !" Her portrayal was of a gum chewing, purse dumping gal. She was a tremendous success in landing the job.

Jean Rafferty was in the last skit. She approached the desk with a cool, calm, collected air. Her skit was entitled "It's Her Job".

The girls did a great job along with the help of one of the panelists, Mr. E. Britton of the Pacific Gas and Electric Personnel Office.

Others on the panel were Mr. Bradley, California Employment Office; Mr. Eudey of the American Can Company; Mr. Hanley, City of San Jose (Civil Service); Mr. Johnson, Owens-Corning Fiberglacc Corp.; Mr. Charles McDevitt of the Tuxedo Candy Company; Mr. Ranie of Food Machinery and Chemical Corp. and Mr. Richard Wells of the Prune and Apricot Growers Ass'n of California.
